## RoHS STATEMENT

FLU – Fluxclene – EFLU01L, EFLU05L, EFLU25L, EFLU200D, EFLU400D, EFLU400DB

The above product meets the requirements of the RoHS (2015/863/EU) and WEEE Directives as well as the UK SI (Statutory Instruments) 2012 No. 3032, as it does not contain the chemicals listed below in concentrations greater than the defined limits:

1. Cadmium (Cd) and its compounds <0.01% (as metal)
2. Lead (Pb) and its compounds <0.1% (as metal)
3. Mercury and its compounds <0.1% (as metal)
4. Hexavalent Chromium compounds <0.1% (as metal)
5. Polybrominated Biphenyl <0.1%
6. Polybrominated Biphenyl Ether <0.1%
7. Bis (2-Ethylhexyl) Phthalate (DEHP) <0.1%
8. Benzyl Butyl Phthalate (BBP) <0.1%
9. Dibutyl Phthalate (DBP) <0.1%
10. Diisobutyl Phthalate (DIBP) <0.1%

We cannot account for contamination that is outside of our control.

Yours faithfully

Nicholas Moon  
Regulatory Affairs Co-ordinator
